

ZI-CHEM 1673

Steam Boiler Scale Control

HIGHLIGHTS

ZI-CHEM 1673 is an essential component of the ZI-TECHASIA boiler efficiency management program. It is designed to prevent dense deposits adhering to critical heat exchange surfaces and thereby maximizing heat transfer and preventing increases in fuel consumption.

This product is comprised of a high performance blend of scale inhibitors, including thermally stable polymer dispersants, metals sequesterants, organic sludge conditioners and antifoam. This is coupled with a blend of polyphosphates.

This combination is effective where hardness is present in the feedwater (eg: when the pre-treatment water softening equipment is not present or functioning correctly).

TYPICAL PROPERTIES

- Appearance: Clear to hazy, colorless to light yellow liquid
- Specific gravity: 1.20 – 1.35
- pH (neat) 7.0 – 8.5
- Odour: Sweet odor
- Boiling point: 100°C

PRIMARY APPLICATIONS

The primary feed points for ZI-CHEM 1673 are the feedwater tank, deaerator storage or feedwater line. It is best fed on a continuous basis the feedwater.

FEEDING & CONTROL

ZI-CHEM 1673 should be injected to boiler or pre-boiler added using a chemical metering pump with liquid end constructed of suitable materials. These include PVC, polypropylene, Viton, Teflon and stainless steel.

The dosage will depend on the operating conditions and the chemistry of the water being treated. Your ZI-TECHASIA technical field specialist will recommend the most appropriate dosage for your particular application on an ongoing basis.

PRODUCT APPROVAL

FDA acceptable in accordance with 21 CFR Section 173.310- Boiler water additive.

THE BENEFITS

- Reduced total fuel cost
- Increased steam production
- No off-line cleaning required
- Extended equipment life
- Suitable for high pressure boiler up to 1,200 psig

COMMON APPLICATIONS

- Automotive industries
- Packaging facilities
- Food industries
- Pharmaceutical
- Pulp & Paper processing
- Timber processing

PACKAGING

- 25kg pails
- 200kg drums
- 1,000kg IBC containers

HANDLING & SAFETY

ZI-TECHASIA maintains a database of material safety data sheets (MSDS) on all our products. These contain health & safety information to assist in the safe and appropriate chemical handling, ensuring the protection of personnel.
